## EXPERIENCE

---

### Supamakers

Aug 2024 – Present

Full Stack Developer

- Integrated AI technologies into projects, enhancing automation and personalization features.
- Collaborated with third-party APIs, including Superset, to implement dynamic data visualizations and business intelligence solutions.
- Built and optimized mobile applications using frameworks like React Native.

### Oaza Energy

Feb 2024 – Jul 2024

Mern Stack Developer

- Engineered and deployed the oaza.energy website and backend, integrating serverless lambda functions to enhance scalability and optimize performance, resulting in a 40% increase in website traffic and a 25% decrease in loading time.
- Implemented robust error handling mechanisms to ensure seamless user experience, reducing downtime by 15% and increasing customer satisfaction ratings by 20%.

### Proponent Technologies

Dec 2022 – Aug 2023

React Developer - Intern

- Played a role in an end-to-end e-commerce application leveraging the **Nuxt 2 framework**—, emphasizing user-friendly interface development and cross-device functionality.
- Collaborated on a responsive
- React.js admin dashboard to **streamline data management and improve user experience.**
- Additionally, provided contributions to a **React Native** codebase, focusing on specific sections.”

### KudosHub Technologies

April 2022 – April 2023

React Developer - Intern

- Revitalized a **React.js dashboard** to elevate data visualization and user interaction, culminating in a 30% surge in user retention and an enhanced loading experience.
- Collaborated on a chat application, refining specific components and functionalities to elevate user experience and foster seamless real-time communication.
- Designed and built a **ProseMirror web editor** to enable rich text editing and enhance content creation.
- Provided valuable contributions to an **AngularJS project**, ensuring project success through various tasks.

### Oasis Infobyte

Nov 2022 – Dec 2022

Web Developer - Intern

- Completed an online internship, focusing on building static websites, including the development of a variety of web pages and a functional calculator application, showcasing proficiency in front-end development and web design principles.

### Webzick.com

Dec 2021 - March 2022

Web Developer - Intern

- Crafted and managed **webzick.com with WordPress and Elementor**, ensuring an aesthetically pleasing and user-friendly website.
- Designed and constructed **luxoriagroup.com with WordPress and Elementor**, prioritizing brand consistency and user engagement.
- Contributed to a **Web3 project** by specializing in HTML and CSS development tasks.”
